## Bernd Carl, Aicke Hinrichs, and Philipp Rudolph share the 2014 Best Paper Award

---

The Award Committee – Peter Kritzer, Johannes Kepler University Linz, Austria and Jan Vybiral, Charles University, Czech Republic – determined that the following paper exhibits exceptional merit and therefore awarded the prize to:

**Bernd Carl, Aicke Hinrichs, and Philipp Rudolph** for their paper “Entropy numbers of convex hulls in Banach spaces and applications”, which appeared in October, 2014. Vol. 30, pp. 555–587.

The \$3000 prize will be divided between the winners. Each author will also receive a plaque.
