- The successful candidate must hold a Diploma/Master's degree or a PhD degree in mechatronics, electrical engineering or comparable fields
- Show interest and expertise in one or more of the following areas:
 - Electrical Drives
 - Smart Actuators
 - Power Electronics
 - Control Theory
- Ability to work independently, highly motivated, be willing to work as part of a team, collaborate with external partners, be able to grasp new concepts and topics easily

We offer:

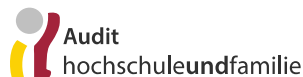

- Outstanding employment and working conditions as part of an internationally-oriented and dynamic research group
- The opportunity to work in future-oriented fields and in a state-of-the-art environment
- A constructive work environment
- The opportunity to work closely with industrial partners

The minimum salary in accordance with the collective agreement is € 2.731 gross per month for those holding a Diploma or Master's degree or € 3.626,60 gross per month for those who have a PhD (14x per year). If you have any questions, please contact: O.Univ.-Prof. DI Dr. Wolfgang Amrhein
P +43 732 2468 6420, E-mail:
wolfgang.amrhein@jku.at

Application deadline: February 28, 2018

The Johannes Kepler University wishes to increase the proportion of academic female faculty and, for this reason, especially welcomes applications by qualified women. If applicants are equally qualified, a woman will be given preference for this position. The university welcomes applications from qualified applicants with physical disabilities. These applications will be given special consideration.

Prospective applicants interested in the multifaceted position are requested to electronically send an application in adherence to the stated criteria together with the requested documentation via e-mail to: office.eal@jku.at. We also invite you to visit our homepage <http://www.eal.jku.at>.
