

GÖCH-OBERÖSTERREICH PROGRAMMVORSCHAU

17.11.2016

Dr. Julia Rehbein

Universität Hamburg
Fachbereich Chemie

**“Panta Rhei: Reaction mechanism
and concepts 2.0”**

Johannes Kepler Universität Linz
17:15 Uhr, HS 14 (TNF-Turm)

Univ.-Prof.Dr. Günther Knör
Leiter GÖCH – Oberösterreich

“Panta Rhei: Reaction mechanism and concepts 2.0”

Dr. Julia Rehbein, Universität Hamburg

Do we really understand how reactions proceed? This is the driving force behind the research in our physical organic chemistry group. In the seminar we will shed a new light on the established mechanisms and also rise the question if our 2-dimensional concept of reaction coordinate diagrams is lacking some dimensionality.
