

## **V. DIPLOMA THESES - DISSERTATIONS** / *Diplomarbeiten - Dissertationen*

### **1. Diploma theses in preparation** / *Laufende Diplomarbeiten*

*Christoph WINDER*      Spectral Sensitization of Low-Band-Gap Polymer "Bulk Heterojunction" Solar Cells

### **2. Doctoral theses in preparation** / *Laufende Dissertationen*

*Desta GEBEYEHU*      Fabrication and Characterization of Photovoltaic Element using Conjugated Polymer/Fullerene Composites

*Antonio CRAVINO*      Synthesis of low-bandgap conjugated Polymers and fabrication of (photodiodes and) plastic solar cell devices using them

*Markus SCHARBER*      Magnetic Resonance Studies on Conjugated Polymers and Conjugated Polymer Fullerene Mixtures. Investigation of Intermediate States after Photoexcitation.

*Franz PADINGER*      Plastic Solar Cells

*Eugen BAUMGARTNER*      Energiespeicher für organische photovoltaische Zellen
