

POSTDOCTORAL RESEARCH ASSOCIATE (100%)

in

SUSTAINABILITY, INNOVATION & QUALITY MANAGEMENT

(limited until 14 October 2020)

The **Institute for Integrated Quality Design (IQD)** at **Johannes Kepler University (JKU) Linz, Austria** – www.jku.at/iqd – conducts interdisciplinary research and teaching at the interface of Sustainability, Innovation and Quality Management for developing knowledge for the management of (closed) product life cycles – using concepts such as *Sustainability-Oriented Innovation*, *Circular/Cradle to Cradle Design*, *Product-Service Systems*, *Business Models* und *Management Systems*. IQD has recently joined the Ellen MacArthur Foundation's global Circular Economy initiative.

Your tasks:

- Mentoring of the institute's PhD students and related research projects
- Developing and managing an own research project
- Publishing in high quality scientific journals
- Teaching responsibility (ca. 4 ECTS/semester)
- Contributing to the flourishing of an ambitious young institute

Your profile:

- PhD/Doctorate degree (or close to graduation) in a relevant management field
- German language capability (CEFR B2) next to very good English skills
- Experience in publishing in peer-reviewed journals
- Enthusiasm for research, high performance and team spirit

We offer:

- Strong team of senior and junior researchers embedded in international research networks
- Excellent research infrastructure, resource availability and training opportunities
- Close ties with practice/industry
- Attractive location (1,5h from Vienna, Linz is beautifully situated in the Danube river basin)
- Gross salary of € 3.626/month (14 months p.a.; equals € 50.764/year)

Further information may be obtained from **Prof. Dr. Erik G. Hansen** (erik.hansen@jku.at).

Please submit your application (cover letter, CV, certificates) online before 15 March 2017: <http://jku.at/application> (**job reference no. 3279**).
