**Information on the application procedure**

The application procedure builds on two steps.

In a first step, please fill out this form to provide us with an overview of your planned thesis project.

Please send the filled out application form to: [ipv@jku.at](mailto:ipv@jku.at)

(Important note: Please use „Master Thesis Proposal - your surname“ as reference/subject term).

We base our decision on free capacities of the potential supervisor, thematic fit, originality, and quality of the ideas presented.

We decide upon supervision of the applications received on February 15th, June 15th, or September 15th respectively. Once we reached a decision, we will contact all applicants. Based on the feedback through the potential supervisor, a 5-page Research Proposal has to be prepared in a second step. The proposal is the basis for the final and formal acceptance
