

III PRESENTATIONS AT CONFERENCES

Konferenzbeiträge

- 23.-28.2.2020 **21st International Winterschool on New Developments Solid State Physics,**
Mauterndorf, Austria
Participant: Cobet
- 24.8.-4.9.2020 **SPIE Organic Photonics + Electronics 2020,** online, San Diego, USA
Plenary Talk (Sariciftci): *“From organic electronics towards bio-organic systems”*
- 31.8.-4.9.2020 **71st Annual Meeting of the International Society of Electrochemistry (ISE)**
online, Belgrade, Serbia
Poster Talk (Wielend): *“Mechanically interlocked carbon nanotubes as versatile and stable platform for nano electrocatalysis”*
- 23.-24.9.2020 **Electrochemistry Undercover, Gesellschaft Deutscher Chemiker – GDCH,**
online, Germany
Poster (Wielend): *“Mechanically interlocked carbon nanotubes as a stable electrocatalytic platform for oxygen reduction”*
- 28.-29.10.2020 **The 8th International Conference on Smart Systems Engineering 2020^o,** online,
Yonezawa, Yamagata, Japan
Invited Talk (Yumusak): *“DNA in Organic Electronic Devices”*
- 18.11.2020 **Energy Solutions for the Pandemia driven Transformations,** online, Istanbul,
Turkey
Invited Talk (Sariciftci): *“Perovskite Materials for Photovoltaic”*
- 27.11.-4.12.2020 **2020 MRS Virtual Spring/Fall Meeting & Exhibit,** online, USA
Talk (Tekoglu): *“Conducting polymer biocomposites with DNA as counterion for bioelectronics”*
