

PerAda

towards pervasive adaptation

PANORAMA is the Coordination Action for the Pervasive Adaptation community and the consortium members are:

 **NAPIER UNIVERSITY**
EDINBURGH SCOTLAND

Imperial College
London

 **JOHANNES KEPLER** | **JKU**
UNIVERSITY LINZ

 **SAPIENZA**
UNIVERSITÀ DI ROMA

TELECOM
ParisTech

“PerAda brings together multi-disciplinary researchers to study technologies and design paradigms for creating devices and massive scale pervasive information and communications systems which are capable of autonomously adapting to highly dynamic contexts.”

The PerAda research projects funded under the FET Proactive Initiative on Pervasive Adaptation include:

ALLOW
Adaptable Pervasive Flows

 **ATRACO**
Adaptive and Trusted Ambient Ecologies

FRUITS

 **REFLECT**

 **SOCIALNETS**
Social networking for pervasive adaptation
