

**Consent form to submit a student-led project
 proposal as part of the Special LIT Ars Electronica Call**

Complete the fields below and enclose the signed form along with your submission.

Application title:	
Applicant's name:	
Institute name and (if applicable) the department where the project is to be carried out if approved:	
Name of the institution and, if applicable, the department head:	

I endorse the project proposal and agree that the aforementioned student project application to the Special Call LIT Ars Electronica Project can be accommodated at my institute/department once it has been officially approved. As head of the institute/department, I hereby confirm that

- a) my institute/department accepts the internal allocation for the project and my institute/department will oversee the project
- b) the student will receive support regarding project accounting (by, for example, the department's administration office), as well as through other internal university processes
- c) depending on a prior, individual agreement, both I and my institute/department will provide the student with support regarding the project (for example, in terms of content and/or organization).

Any additional funds/equipment the project will require are to be listed clearly in the project application.

Additional remarks:

 Location, date

 Signature, Institute/Dept. Head
 (applies to departmental organization)

 Signature, Institute Management
