Presentation: Open Bachelor, Master and PhD Theses

Institute for Communications Engineering and RF-Systems

**When:** Tuesday, March 20 at 12:30  
**Location:** Science Park 1, MT 371

We encourage students of **Electronics and Information Technology** and **Mechatronics** to join us. Several researchers of the institute will present their open Bachelor, Master and PhD Theses, covering:

- Classical Communications
- Molecular Communications
- Wireless Networks
- Digitally Assisted RF Systems
- Millimeter-Wave and THz Component Design
- Medical Imaging
- Imaging for Harsh Environments
- Multiple Target Tracking
- FMCW MIMO Radar System Design
